## PROGRAMMING

### General culture

Excellent for a non-dev  
 Passionate, eager to learn  
 Solid JS understanding  
 Passionate with applications

### Blockchain understanding

Expert

### Good understanding

OOP, API, REST API, variables, functions, parameters, data types, control flows, operators, I/O, algorithms, data structures, TCP/IP, CRUD...

### Basic ~ Intermediate use

HTML / CSS / JS / Python  
 Terminal / Libraries / Github

### Curiosity ~ Superficial approach

TypeScript / Node.js / React  
 Vue.js / SQL / GraphQL  
 Java / Rust / Haskell / C / C#  
 Functional programming  
 Reactive programming  
 Asynchronous programming

## EDUCATION

### Master in Arts

National Superior School Villa  
 Arson, Nice France

### Master in Literature

Paris 7 University, Paris France  
*Félicitations du Jury*  
 Highest French distinction  
 above Summa cum laude

### Hypokhâgne Moderne

Henri IV, Paris France  
 French most selective higher  
 education class in Humanities

### Japanese JLPT N3

ABK School Tokyo

### Self-learning

Programming, Computer  
 Science, Japanese
